

The tortoise and the hare

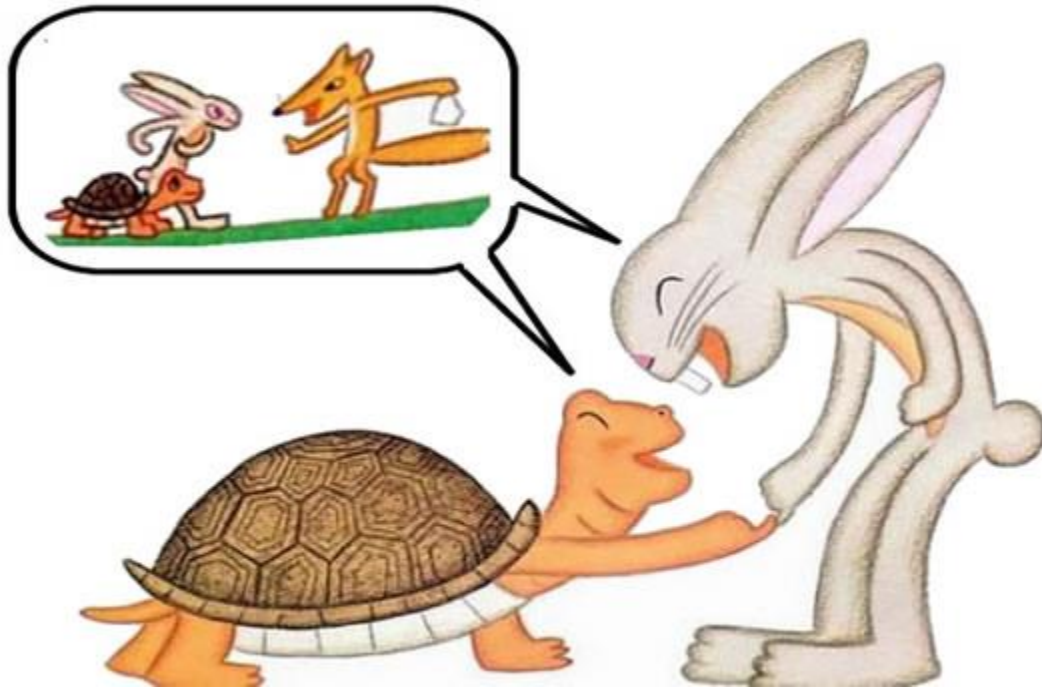

Hare bragged, "I am the fastest in the forest. You, Tortoise, are the slowest in the forest".

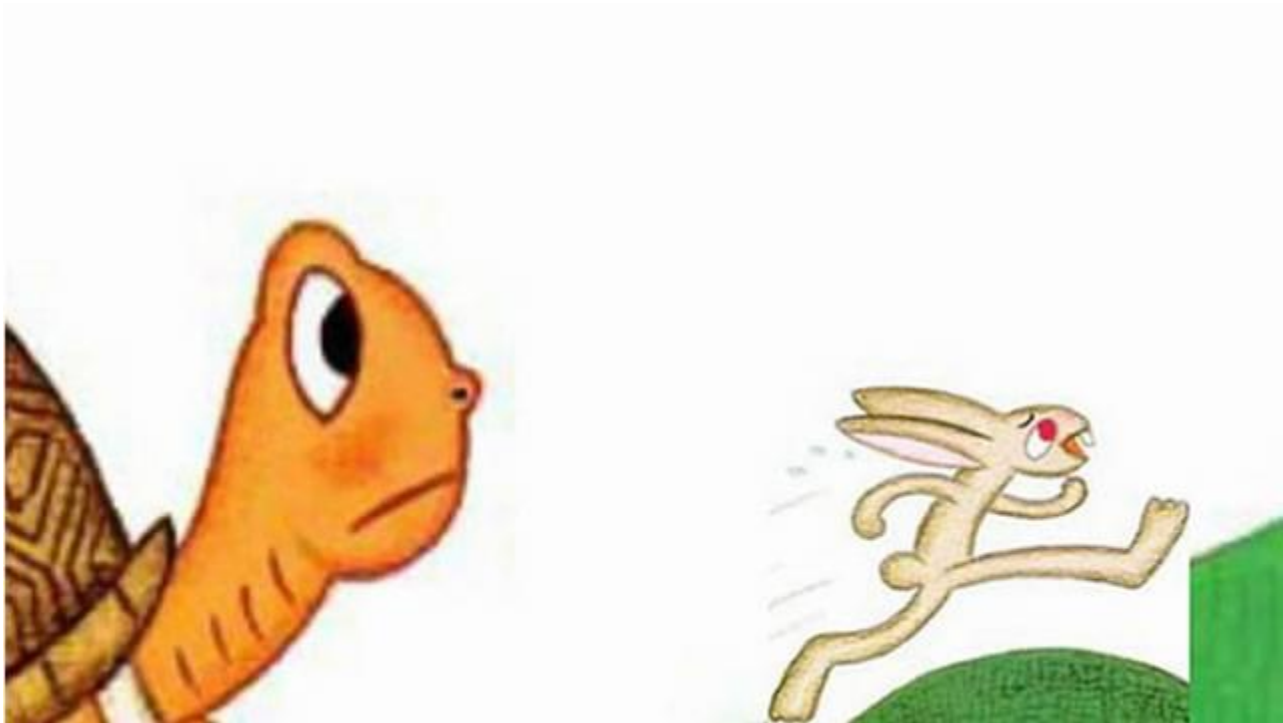

Tortoise replied, "OK. We will race".

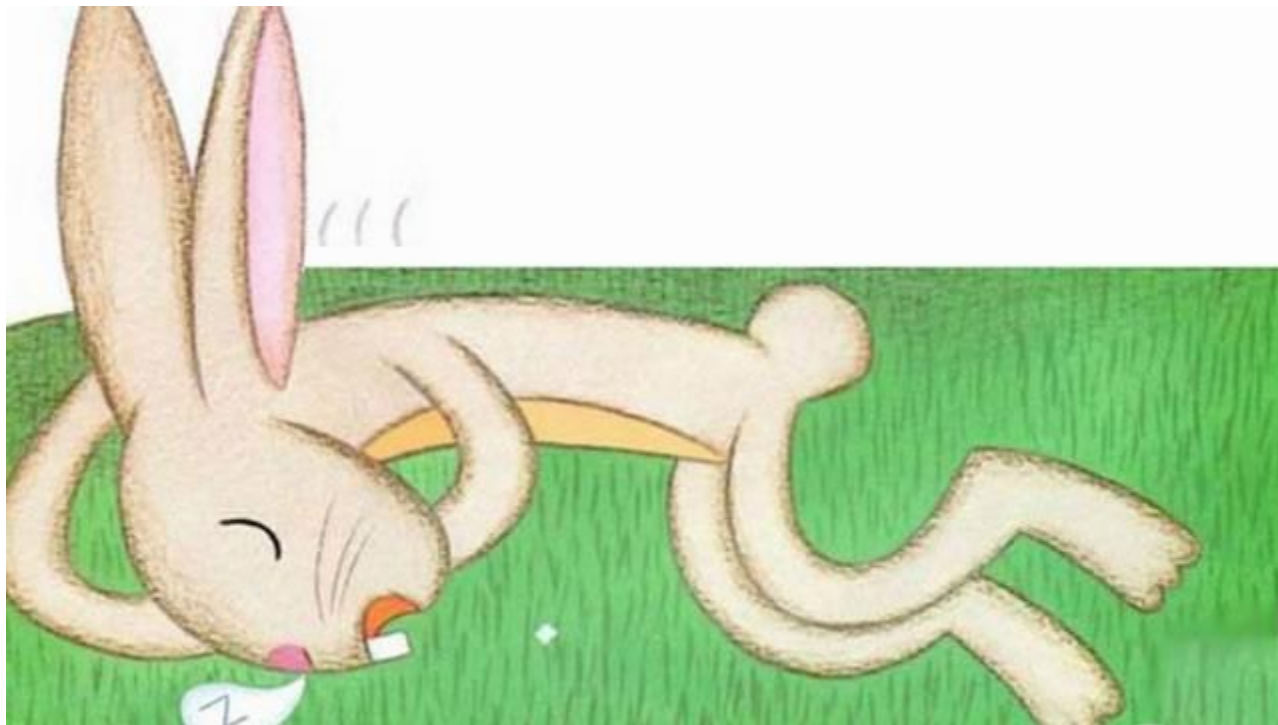

Both Tortoise and Hare agree to race.

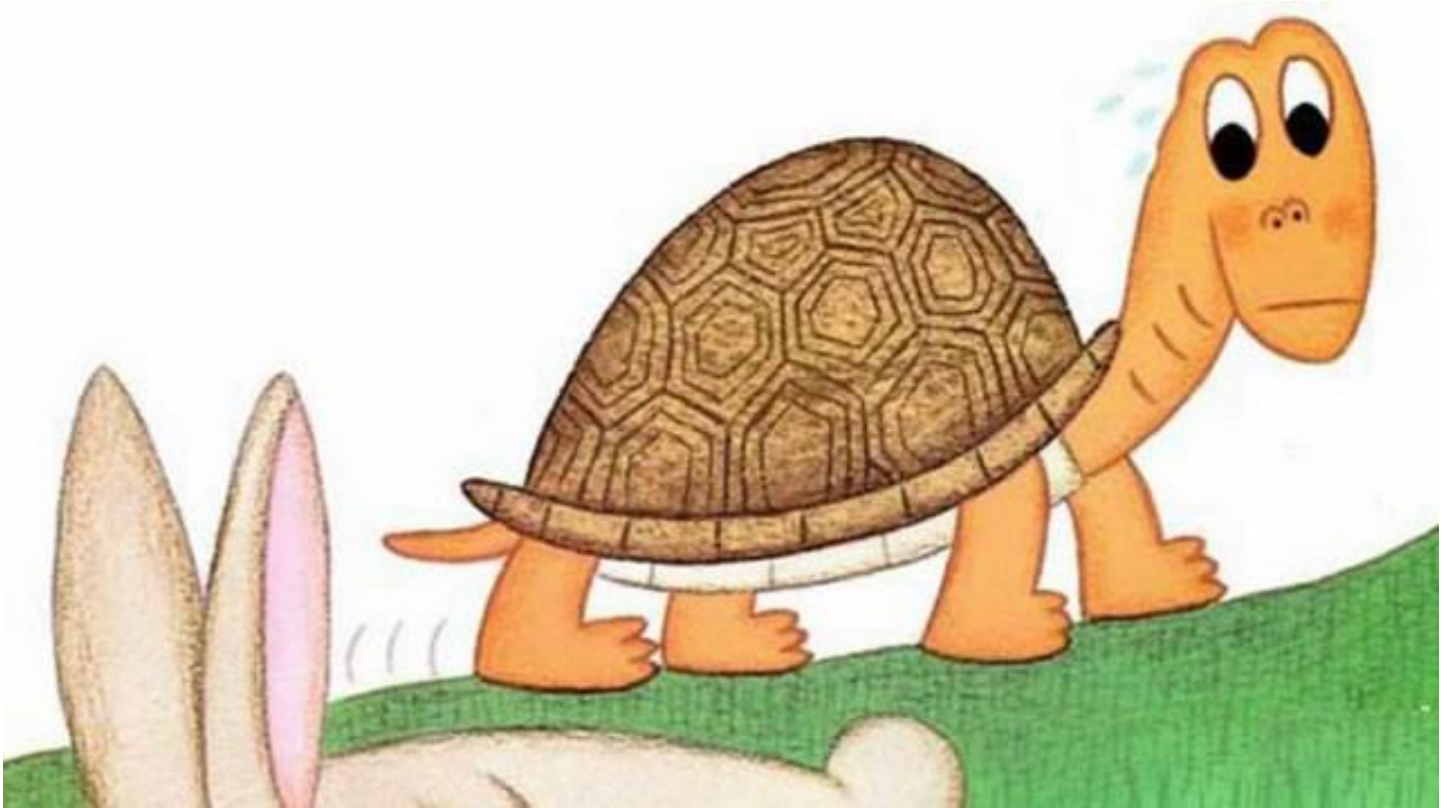

The animals flock to see the race. Hare and Tortoise are ready.

The race begins and ZOOM, off goes Hare. Tortoise plods along slowly.

Hare runs until he is tired. He stops to nap.

Tortoise is still slowly plodding along. He just keeps on walking.

Hare wakes up but it is too late.

Tortoise crosses the finish line and the animals cheer. Tortoise wins and Hare is stunned.

**Moral: Don't brag. Work hard
to succeed**
